

# GROWING TOGETHER

A COMPREHENSIVE PLAN FOR CENTRAL LANCASTER COUNTY, PENNSYLVANIA

## HELP SHAPE THE FUTURE OF CENTRAL LANCASTER COUNTY

### PUBLIC FORUMS

#### **Wednesday, March 2, 2005**

7:00 p.m.

Maple Grove Community Building  
1420 Columbia Avenue  
Lancaster

#### **Thursday, March 3, 2005**

7:30 a.m.

Southern Market Center  
South Queen & West Vine Streets  
Lancaster

#### **Why should you attend?**

To review and comment on ideas such as:

- Greater municipal cooperation in the development of land use regulations
- Cooperative funding strategies
- Designation of growth opportunity areas to which growth should be directed and in which higher density development should be encouraged
- An increased role for the Lancaster Inter-Municipal Committee

#### **CONTACT**

John Ahlfeld • 717/397-7507  
LIMC@verizon.net

#### **What is growing together?**

Growing Together is a multimunicipal comprehensive plan being prepared for Central Lancaster County. It will cover Lancaster City and ten surrounding townships and boroughs that are members of the Lancaster Inter-Municipal Committee.

#### **What has been accomplished to date?**

The municipal representatives on the Steering Committee and the consultants for Growing Together have written goals and objectives for Central Lancaster County, developed over 300 strategies to help accomplish those objectives, and drafted chapters on land use, housing, transportation, community facilities, parks and open space, natural resources, historic resources, and utilities. They have used extensive input from a stakeholder workshop in January 2004, four public meetings in January and February 2004, and a community vision summit in September 2004.

#### **Who should attend the public forums?**

Residents, property owners, representatives of organizations, and everyone else who has an interest in the future of Central Lancaster County.

#### **What will the public forums include?**

- A presentation on highlights of the project to date
- A report that explains the project and summarizes some of the key themes being developed for Growing Together
- An exercise to prioritize the draft strategies that the Steering Committee and consultants have prepared
