EQUIPMENT

Justification: Lancaster County Adult Probation and Parole Services is requesting approval to procure two mission critical products on a non-competitive basis to ensure operational continuity, officer readiness, and compliance with mandated training requirements. First, the Axon TASER 10 Certification Program, totaling \$161,694.17, includes TASER 10 energy weapons, VR-based training modules, cartridges, warranties, and Evidence.com licensing. This program is exclusively manufactured, distributed, and supported by Axon Enterprise, Inc., which is the sole authorized provider of TASER 10 products and related software in Pennsylvania, making competitive procurement impossible. The County requires Axon’s proprietary hardware and integrated digital evidence systems to maintain certified less-lethal capabilities for probation officers and to replace an expiring Axon contract without operational disruption.

Justification: The ACJI Culture Academy is a comprehensive, research-informed professional development program designed to strengthen organizational culture, leadership capacity, and workforce well-being. The program provides a structured 10-week curriculum that equips staff with evidence-based tools for assessing current culture, diagnosing challenges, and implementing practical strategies for improvement, including frameworks addressing psychological safety, leadership climate, adaptive mindset, appreciative inquiry, and collective well-being. The proposal outlines that the Academy offers a mixed-method learning model combining live facilitation, self-paced modules, and applied exercises, allowing participants to meaningfully engage with real organizational issues while building shared language and alignment around culture change. Additionally, the Academy is supported by ACJI’s extensive experience in implementation science and organizational development, ensuring that participants receive expert instruction and coaching. This investment supports agency priorities related to leadership development, organizational effectiveness, and grant aligned outcomes by establishing foundational skills, improving staff engagement, and building sustainable capacity for culture transformation. The Lancaster County Adult Probation Department seeks approval to the proposed 2026 PPCT (Pressure Point Control Tactics) instructor-level training. This training is essential to maintaining the department’s capacity to provide safe, effective, and state-compliant defensive tactics instruction to probation officers.

The PPCT Instructor Certifications (TPR/Use of Force, SHARP, and Edged Weapon Control) provide evidence-based, court-defensible skills that are critical to officer safety and public protection. As probation officers increasingly interact with individuals presenting unpredictable or high-risk behaviors, the department must ensure all staff receive consistent and certified instruction in physical control, non-lethal defense, and use-of-force decision-making. To achieve this, we must maintain a sufficient number of in-house certified instructors.

The certifications included in this proposal allow trained staff instructors to deliver required annual trainings, remedial instruction, and skill refreshers without relying on external providers. This reduces long-term training costs, ensures continuity of instruction, and supports departmental readiness.

The PCCT Instructors training includes the following instructor certifications:

- Four PPCT TPR/Use of Force Instructor Certifications
- Two PPCT SHARP Instructor Certifications
- Two PPCT Edged Weapon Control Instructor Certifications

These certifications will directly enhance the department's ability to provide safe, standardized, and legally defensible defensive tactics instruction.

Investing in this instructor-level PPCT training ensures the Lancaster County Adult Probation Department can continue to deliver high quality, court defensible, and safety focused defensive tactics instruction. The proposed training supports both departmental goals and community safety while creating cost-effective, sustainable internal training capacity.

All applicants should fill out the following script and paste into the Executive Summary section:

The *[name of applicant]* is requesting \$_____ to *[provide a single sentence or two describing what you are seeking to implement with your grant funding]*.

These funds will be used for the following: *[provide bullet points of what the funds will be used for]*.

Please note that responses in this section will be used in grant summaries and could be mentioned in press releases. Plain language that clearly describes the intent of the project is most effective.

Lancaster County Adult Probation and Parole Services respectfully requests \$777,103.00 through the Justice Reinvestment Initiative (JRI 2) to strengthen the agency's capacity to deliver safe, effective, and evidence-based supervision services. This funding will support a coordinated series of improvements designed to enhance operational safety, advance the accuracy and functionality of client assessments, modernize equipment, and expand staff training and professional development opportunities.

A key component of this initiative includes implementing enhanced security measures to safeguard both clients and personnel, ensuring a safe environment for supervision, programming, and daily operations. Additionally, the agency seeks to improve the functionality and effectiveness of client risk and needs assessments through upgrades to the Case Management Program an essential tool for informed decision making, supervision planning, and evidence-based interventions.

To further strengthen organizational effectiveness, this request includes resources for leadership training and motivational coaching, equipping supervisors and staff with modern strategies to support performance, reinforce agency values, and enhance employee wellness and retention. Funding will also allow for the certification of new instructors in SHARP, Edged Weapon, and Use of Force programs, enabling the agency to sustain in house training capacity and ensure officers meet required professional standards.

Finally, this grant will support long overdue upgrades to officer's office equipment and duty equipment, improving efficiency, reliability, and operational readiness. These enhancements will directly improve service delivery, reduce operational disruptions, and contribute to a safer and more professional field environment.

Collectively, the proposed investments will strengthen Lancaster County Adult Probation and Parole Services' ability to promote accountability, support rehabilitation, reduce recidivism, and enhance community safety. JRI 2 funding will allow the agency to modernize essential operations, invest in its workforce, and deliver high quality services that align with statewide justice reinvestment goals.

SECTIONS:

B. Statement of Need JRI-2

This section establishes the need for improvements within the county adult probation and parole department.

1. Identify the services, functions, or operations the county is seeking to improve.

Adult Probation and Parole Services seeks to improve and enhance both structural security and individual safety across all agency operations. This initiative includes providing leadership and officers with essential resources that support the effective performance of their duties. The agency also aims to recruit and develop new in-house trainers by equipping them with the tools, instruction, and certifications necessary to build long-term training sustainability. Additionally, we are requesting funding to upgrade duty equipment for all Special Intervention Unit members and field officers, ensuring they are properly supported in high-risk environments as well as building security issues to safeguard officers and the detainees in their custody. We intend to replace office equipment that is most in need of modernization to improve functionality, efficiency, and service delivery and lastly, we are looking to provide proper specialized training for all members of our Sexual Offender Unit (SOU) and Treatment Courts personnel.

2.

Identify how the project will result in improvements(s) and/or enhancement(s).

Provide supporting data/facts/figures specific to the proposed project and relevant to the established need and request. Provide references and citations, if applicable, to reports, studies, or other evidence or research-based documentation that supports the need for improvement(s) and/or enhancement(s).

Facility Security Upgrades

A comprehensive safety and security assessment conducted through the Sheriff's Office and in collaboration with Department of Homeland Security's Cybersecurity and Infrastructure Security Agency as part of the Security Assessment at First Entry (SAFE) identified significant vulnerabilities in the department's physical, engineered, and environmental security controls. The assessment emphasized the need to strengthen deterrence, detection, denial, delay, and defense capabilities throughout the building. Based on these findings, the department identified the below necessary structural and security improvements, including:

SECTIONS:

These improvements directly support compliance with PCCD Operating Standard C.26 -Office Safety Plan, which requires secure office configuration and public contact controls.

Upgrades to Weapons, Use-of-Force, and Defensive Tactics Training

PCCD's Operating Standards require the department to maintain rigorous annual officer training in Use of Force, Defensive Tactics, de-escalation, and safe weapon handling. Specific standards include:

C.18 – Mandatory annual Defensive Tactics training.

C.21 – Annual Use of Force training and de-escalation skills.

C.22 – Training requirements prior to issuance of firearms or less-lethal weapons.

To comply with these Standards, Lancaster County APPS has identified the need to:

Certify four additional Use-of-Force instructors,

Certify two SHARP instructors,

Certify two Edged Weapon Control instructors,

Upgrade the current Taser inventory to 10th-generation devices with Cert Pro Plan training to provide VR-based training modules and realistic scenario-based learning opportunities. The Taser upgrade is supported by the requirements of Operating Standard C.20 – Firearms/Other Weapons: Situational Carry/Use Policies, which mandates clear policies and training for all weapons officers are authorized to carry.

Equipment – Defensive Tactics (DT)

Established need:

DT equipment supports ongoing office training and safety.

Evidence & Data:

Regular defensive tactics training reduces officer injury rates by up to 50% (NIJ).

Safe, controlled training environments require appropriate equipment.

Outcomes:

Safer field operations, injury reduction, stronger readiness

Taser 10th Generation Upgrade

Established need:

Less lethal tools are essential for minimizing injuries to subjects and officers during resistant or violent encounters.

Evidence & Data:

TASER devices reduce officer and subject injuries by 40–60% when used properly (NIJ & PERF evaluations).

Use of force best practices require officers to have a viable intermediate force option to avoid escalation to firearms.

Newer-generation models include improved accuracy, reduced probe failure rates, and enhanced data logging.

Outcomes:

Lower injury rates, safer arrests, compliance with modern use of force standards.

Source: NIJ Less Lethal Technology Evaluation; PERF Guidelines for Use of Force.

SECTIONS:

Evidence-Based Practice (EBP) Requirements and Assessment Modernization

The JRI-2 Funding Announcement requires that projects advance evidence-based practices, improve supervision outcomes, and align with statewide reforms including Act 44 of 2023. It identifies as eligible activities:

“Adoption and implementation of a standardized and validated 3rd generation or newer risk and needs assessment tool.”

“Conversion and program upgrades to case management systems.”

These priorities directly align with Operating Standard B.2, which requires the use of standardized, validated, actuarial risk/need assessments and regular reassessment. Modernizing the case management system is essential to meeting:

B.2 – Assessment Process,

B.7 and B.9 – Case Plan Development, Review, and Reassessment,

C.45 – Use of Case Management System, including data collection, reporting, and evaluation.

AP Enhancement for Case Management (Adult Probation Case Management System)

Established need:

Modern supervision requires automated workflows, accurate reporting, and integrated risk/needs data.

Evidence & Data:

CSG reports that data-driven case management improves outcomes more than increased contact frequency.

Modern CMS systems improve compliance, documentation accuracy, and audit readiness.

Outcomes:

Stronger EBP compliance, improved supervision outcomes, enhanced reporting.

Training and Professional Development Requirements

The department is required to maintain high-level training across staff roles. This is supported by multiple Operating Standards:

C.11 – Supervisory/Management Training, requiring new supervisors to complete 40 hours of training annually.

C.16 – Professional Development, encouraging attendance at professional conferences and workshops.

C.13 – Training Timetable, requiring 40 hours of annual training for all probation/parole officers.

Our proposed training investment includes leadership development, PPCT certifications, SOU training, PATCP training, and All Rise Treatment Court training which are essential to meeting these mandatory Standards and modernizing the department’s capacity to implement EBP supervision strategies under B.6.

Case Planning Management of EBP

Established need:

High-quality case planning is the backbone RNR (Risk-Need-Responsivity) models.

Evidence & Data:

Proper case planning reduces recidivism by up to 20% when applied correctly (Andrews & Bonta).

CSG reports that case planning quality predicts probation success more than the number of contacts.

Outcomes:

Improved supervision outcomes, stronger alignment with EBP requirements.

SECTIONS:

Source: Andrews & Bonta; CSG Effective Case Management Guides.

QPR Trainers (Question, Persuade, Refer – Suicide Prevention)

Established need:

Individuals under supervision have significantly higher rates of mental health crises and suicide risk.

Evidence & Data:

Justice-involved individuals die by suicide at 3–8 times the national rate (SAMHSA/CDC).

QPR is an evidence-based model that significantly improves early identification and referral outcomes.

Outcomes:

Increased safety, improved crisis response, better mental health linkage.

Source: QPR Institute; SAMHSA Suicide Prevention Data.

Training for All Treatment Court Staff - Treatment Court Conferences

Established need:

Specialty courts require adherence to NADCP best practices.

Evidence & Data:

Drug courts reduce recidivism by up to 58% when implemented according to NADCP standards.

Training ensures fidelity to the 10 Key Components, reducing program drift.

Outcomes:

Improved program outcomes, compliance with national standards, stronger inter-agency coordination.

Source: NADCP Best Practice Standards.

Management Training (In-Person/Virtual)

Established need:

Supervisors must manage complex caseloads, staff performance, evidence-based implementation, and crisis response.

Evidence & Data:

Effective supervision and leadership reduce staff turnover by 30–45% (CSG workforce research).

Leadership training is linked to improved policy compliance and lower misconduct rates.

Outcomes:

Better staff performance, reduced burnout, higher EBP fidelity.

PPCT Instructor Certifications (Use-of-Force, SHARP, Edged Weapon Control)

Established need:

Physical control skills must be taught by certified instructors to ensure safe, lawful use.

Evidence & Data:

PPCT (Pressure Point Control Tactics) is widely used across corrections and law enforcement.

Instructor certifications ensure standardized, defensible training and reduce liability.

SECTIONS:

Outcomes:

Safer physical control encounters, fewer injuries, strong legal defensibility.

Equipment and Operational Readiness Requirements

Operating Standard C.39 – Equipment requires the agency to ensure staff have the equipment necessary to perform their assigned duties and to replace equipment as needed.

The proposed acquisitions—including:

Field Radios (4 Units)

Established need:

Probation officers frequently conduct home visits, field checks, arrests, and high risk contacts in uncontrolled environments. Immediate communication capability is essential for safety, backup coordination, and incident response.

Evidence & Data:

Community supervision staff face elevated risks during field operations; 76% of officers report having experienced or witnessed threats or violence in the field (APPA Officer Safety Survey).

NIJ notes that communication failures are a primary contributor to delayed response and escalation during critical incidents.

Probation officers frequently work without physical backup, making radios a Tier 1 safety tool in APPA field safety standards.

Expected Outcomes:

Improved officer safety, faster emergency response times, reduced critical incidents, enhanced coordination with law enforcement partners.

Source: APPA Officer Safety Standards; NIJ Safety Technology Reports (nij.ojp.gov).

Duty Equipment and Accessories

Established need:

Officers supervising high risk individuals (violent offenses, weapons histories) require standardized, reliable service firearms.

Evidence & Data:

APPA identifies firearms standardization as critical for consistent training, retention, and safety.

High risk contacts represent the majority of officer injury incidents in community corrections (NIOSH/NIJ).

Accessories (holsters, retention systems, weapon lights) significantly reduce accidental discharge and improve threat management.

Outcomes:

Stronger officer preparedness, standardized weapons training, reduced risk during arrests/field contacts.

Source: APPA Firearms Standards; NIOSH Occupational Risks for Probation Officers.

Chair Replacements (Officers & Supervisors)

Established need:

High caseloads and intensive data requirements mean officers spend significant work hours seated. Broken or ergonomic-deficient chairs contribute to musculoskeletal injury.

Evidence & Data:

SECTIONS:

OSHA identifies poor ergonomic seating as a leading cause of work-related musculoskeletal disorders, costing agencies millions annually. Replacing damaged chairs reduces injury claims and improves productivity.

Outcomes:

Reduced workers' compensation claims, improved health, better retention and productivity.

Source: OSHA Ergonomic Standards.

Color Printer – Deputy Director

Established need:

Leadership roles require regular production of court reports, presentations, field materials, visual displays, and program documentation.

Evidence & Data:

APPA operational standards emphasize timely, high-quality documentation for data-driven supervision.

Color printing improves readability and comprehension of case plans and flowcharts.

Outcomes:

Improved communication, efficiency, and compliance reporting accuracy.

All this equipment is necessary for maintaining officer's safety, communication in the field, and operational continuity. All items identified in the budget are aligned with this Standard and represent equipment either in need of update or replacement due to functionality and safety concerns.

Recruitment Efforts and Employee Appreciation

Advertising & Materials for Career Fairs

Established need:

Retention and recruitment challenges nationwide impact community corrections.

Evidence & Data:

69% of community corrections departments report staffing shortages and recruitment difficulties (CSG Justice Center, 2023).

Agencies that invest in outreach have better applicant pools and more diverse, qualified candidates.

Outcomes:

Improved recruitment, better staffing stability, lower overtime and burnout.

Source: CSG Workforce Survey (2023).

Client Incentive Program

Purchase of Public Transportation and Uber Cards

Established need:

Transportation aid to reduce missed appointments, especially for high-risk individuals or those in treatment.

Evidence & Data:

Transportation barriers increase supervision violations; mitigation improves engagement and compliance.

SECTIONS:

Outcomes:

FTAs/missed check-ins; treatment attendance; documented voucher usage.

5. Describe what Evidence Based Practice (EBP) initiatives will be supported with grant funds.

The grant will support evidence-based practice initiatives across officer safety and field operations (modern radios, standardized Glock accessories, TASER 10th Gen, and PPCT training to enable graduated, proportional responses and defensible tactics consistent with APPA/NIJ guidance), facility security (Ballistic glass window and electronic locks/card readers to create predictable, trauma-informed, audit-ready environments that support engagement per DOJ/NIJ best practices), case-planning and technology (RNR-aligned case-planning tools and AP case-management enhancements with alerts and dashboards to strengthen data-driven supervision and swift, certain, fair responses as supported by Andrews & Bonta and CSG/APPA), workforce development and Sexual Offender Unit training (specialized SOU instruction, QPR gatekeeper certifications, leadership training, and Treatment Court training/conferences to sustain fidelity to best practices endorsed by SMART Office/APPA, SAMHSA/CDC, and NADCP/All Rise), participant engagement and barrier reduction (transportation supports and low-cost incentives to address responsibility barriers and reinforce prosocial behavior consistent with Urban/Vera and NADCP guidance), and administrative capacity (recruitment materials to stabilize applicants pool, a prerequisite for consistent EBP implementation per CSG/APPA). Together, these investments operate EBPs to improve safety, reduce recidivism, and increase program adherence.

SECTIONS:

6. Provide one overall timeline, including all major activities, for all proposed projects the county is seeking to implement. If the department is seeking to implement multiple projects, please integrate the timelines for each project into a comprehensive timeline reflecting all activities for this grant proposal.

Officer Safety & Field Operations

Procure & deploy radios takes place in roughly Year 1, Q2 through Q3, indicating a short-term acquisition and rollout period.

Glock accessories issuance is also completed during Year 1, Q2 through Q3, overlapping with radio deployment.

PPCT manuals distribution runs from about Year 1, Q2 through Q4, indicating a longer rollout period to staff.

Axon TASER training begins later—around Year 1, Q3—and continues into Year 1, Q4, showing that TASER implementation follows after foundational equipment distribution.

Administrative Capacity

Hold career fairs starts in Year 1, Q4, continues into Year 2, Q1, and then appears again in Year 2, Q3, showing that recruitment activities occur at multiple points, likely aligned with hiring cycles.

Overall timeline and phased rollout:

Year 1 focuses heavily on safety equipment, facility upgrades, and the beginning of case-planning improvements.

Year 2 emphasizes technology deployment, ongoing construction, and continuous participant supports.

Year 3 includes continued barrier-reduction activities, showing sustained programmatic support.

SECTIONS:**D. Non-Supplantation of Funds JRI-2**

These funds must be used to improve or enhance the adult probation and parole department's current services and/or implement new program(s). Per Act 114 of 2019, JRI-2 funds shall be used to supplement and not supplant existing funding, including funding by county governments. Funds may not be used to support existing staff (i.e., salary and benefits currently covered by other funding sources) but may be used to supplement existing staff (i.e., raises for staff) or hire new staff. **Please contact the County Adult Probation and Parole Analyst assigned to the department if you have questions about supplantation.**

- **Supplanting** occurs when an entity reduces funding budgeted for an activity because grant funds are available to fund that same activity. Requesting funding for activities, personnel, and/or items currently included in the entity's annual budget, including salaries for existing positions, would be considered supplantation.
- **Supplementing** occurs when grant funds are used to enhance existing funds for program activities. Examples of supplementing may include items/personnel that are currently funded but not included or re-occurring in the entity's budget (e.g., funded with other grant funds that are ending, etc.), hiring new staff, increasing hours of part-time personnel above and beyond current budgeted/authorized levels, increasing salaries/compensation for existing full-time staff, and increasing program activity/capacity.

1.

Please explain in this section which entities are providing the current funding for project components and how the requested funds will be used to supplement these funds, instead of supplanting them. If funding is ending, please explain when and why.

This information should be provided in response to this question in addition to any justification provided in the budget section.

Lancaster County Adult Probation & Parole Services (APPS) affirms that the requested grant will not supplant existing, budgeted local or state funds. Core salaries/benefits and routine operations will continue to be paid from County General Fund and established departmental operating budgets (e.g. Operations Expenditures, Payroll). Grant dollars will be restricted to enhancements, one-time capital purchases, increase of specialized training and trainers, and EBP implementation supports that are not funded by current budgets.

Controls to be used to ensure compliance will be:

Dedicated grant cost center program/account codes (e.g., B1120 / Fund A / Spend Categories)

Quarterly reconciliation of local vs. grant expenditures

Inventory & documentation (POs, quotes, receiving reports, training rosters) maintained with grant coding

Procurement per county policy (including sole-source documentation for Axon TASER upgrades)

Local funds will continue to pay for core operations (staffing, routine training, base licenses, maintenance). Grant dollars will be restricted to enhancements, upgrades, specialized training, and EBP supports not funded today. Where temporary funding has been concluded or will conclude, this grant supplements by sustaining EBP elements beyond the temporary window, not replacing any recurring local budget lines. Compliance is ensured via grant cost center coding, pre-purchase certification, quarterly reconciliation, and complete documentation of procurements and deliverables.

SECTIONS:**E. Measurement of Project Outcomes JRI-2**

This section describes how the outcomes of the proposed project will be measured (i.e., short-term and long-term outcomes, data collection, and analysis etc.). Applicants must develop performance measures, as part of their application, that are specifically related to the proposed approaches outlined in the application. Grant recipients will be required to report outcome data to PCCD on the deliverables described in the application via quarterly program reports in PCCD's Egrants system.

1. List the measures that will be used to assess the implementation and impact of the project.

Data Systems & Sources

- AP Case Management (CMS): case plans, violation responses, attendance, vouchers, incentives
- Access Control System: badge compliance, unauthorized entry, audit logs
- Facilities/Inspection Logs: security film integrity, locks/readers testing
- Training & Rosters: PPCT, QPR, SOU, leadership, Treatment Court
- Use of Force & Incident Reports: injury rates, TASER deployments, radio assisted response times
- Treatment Court MIS: graduation/retention, sanctions/incentives usage
- Quarterly Dashboards: consolidated KPIs for leadership and funders

2. Describe the mechanism or tool(s) that will be used to collect data for purposes of evaluating program outcomes (ex. participation records, court records, case management reports, etc.).

Data will be collected through a combination of automated digital systems, vendor supported platforms, and supervision validated manual logs to ensure accurate, consistent, and timely evaluation. These tools collectively capture implementation fidelity, EBP adherence, participant outcomes, safety/security improvements, workforce development, and organizational performance, ensuring that the county can comprehensively assess the impact of all grants funded initiatives.

3. Discuss who is responsible for collecting and reporting on performance measures and provide their function within the department or county.

Administrative Services, Trainers and Business Manager

SECTIONS:**F. Required Attachments (JRI-2)**

Applications must include the following:

- Any department, county, or Criminal Justice Advisory Board (CJAB) documents identifying or discussing projects or need for new positions or other improvements/enhancements related to the request for funds (ex. strategic plans, approved minutes, annual report, etc.)

Applicants may also include any attachments, in addition to the above, which support the department's request for funds.

SECTIONS:**G. PCCD Standard Terms and Conditions 7/22/2024**

1.

Commonwealth Standard Terms and Conditions

Paragraphs 1 – 11 of the “Commonwealth Standard Terms and Conditions” and paragraphs 15 – 17 of the “Additional PCCD Terms for all Projects,” are not applicable to Commonwealth Agencies (including institutions of the Pennsylvania State System of Higher Education).

Paragraphs 1 – 11 of the “Commonwealth Standard Terms and Conditions” are not applicable to the four State-Related Universities (Pennsylvania State University, University of Pittsburgh, Temple University, and Lincoln University) and are replaced with paragraphs 1 - 11 within the document attached to this section titled "Standard Terms and Conditions for State-Related Universities."

1. DEFINITIONS

Capitalized terms used in these Commonwealth standard terms and conditions that are not otherwise defined in these provisions have the meanings specified in the agreement to which they are attached.

2. INDEMNIFICATION

The Grantee shall indemnify and defend the Commonwealth against all third-party claims, suits, demands, losses, damages, costs, and expenses, including without limitation, litigation expenses, attorneys' fees, and liabilities, arising out of or in connection with any activities performed by the Grantee or its employees and agents pursuant to this agreement, as determined by the Commonwealth in its sole discretion.

3. NONDISCRIMINATION/SEXUAL HARASSMENT

a. Representations. The Grantee represents that it is presently in compliance with and will remain in compliance with all applicable federal, state, and local laws, regulations, and policies relating to nondiscrimination and sexual harassment for the term of the agreement. The Grantee shall, upon request and within the time periods requested by the Commonwealth, furnish all necessary employment documents and records, including EEO-1 reports, and permit access to its books, records, and accounts by the Commonwealth for the purpose of ascertaining compliance with provisions of this Nondiscrimination/Sexual Harassment Clause.

b. Nondiscrimination/Sexual Harassment Obligations. The Grantee shall not:

i. in any manner discriminate in the hiring of any employee(s) for the performance of the activities required under this agreement or any subgrant agreement, contract, or subcontract, by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the Pennsylvania Human Relations Act (“PHRA”) and applicable federal laws, against any citizen of this Commonwealth who is qualified and available to perform the work to which the employment relates.

ii. in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, against or intimidate any of its employees.

iii. in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, in the provision of services under this agreement or any subgrant agreement, contract, or subcontract.

iv. in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of PHRA and applicable federal laws, against any subgrantee, contractor, subcontractor, or supplier who is qualified to perform the work to which this agreement relates.

v. in any manner discriminate against employees by reason of participation in or decision to refrain from participating in labor activities protected under the Public Employee Relations Act, Pennsylvania Labor Relations Act, or National Labor Relations Act, as applicable, and to the extent determined by entities charged with the Acts’ enforcement and shall comply with any provision of law establishing organizations as employees’ exclusive representatives.

SECTIONS:

c. Establishment of Grantee Policy. The Grantee shall establish and maintain a written nondiscrimination and sexual harassment policy that complies with the applicable law and these Nondiscrimination/Sexual Harassment provisions and shall inform its employees in writing of the policy. The policy must contain a provision that states that sexual harassment will not be tolerated and employees who practice it will be disciplined. For the entire period of this agreement, the Grantee shall: (1) post its written nondiscrimination and sexual harassment policy or these Nondiscrimination/Sexual Harassment provisions conspicuously in easily accessible and well-lighted places customarily frequented by employees at or near where the grant activities are performed; or (2) provide electronic notice of the policy or this clause to its employees not less than annually.

d. Notification of Violations. The Grantee's obligations pursuant to these provisions are ongoing from the effective date and through the termination date of the agreement. Accordingly, the Grantee shall notify the Commonwealth if, at any time during the term of this agreement, it becomes aware of any actions or occurrences that would result in violation of these provisions.

e. Cancellation or Termination of Agreement. The Commonwealth may cancel or terminate this agreement and all money due or to become due under this agreement may be forfeited for a violation of the terms and conditions of these Nondiscrimination/Sexual Harassment provisions. In addition, the granting agency may proceed with debarment or suspension and may place the Grantee in the Contractor Responsibility File.

f. Subgrant Agreements, Contracts, and Subcontracts. The Grantee shall include these Nondiscrimination/Sexual Harassment provisions in its subgrant agreements, contracts, and subcontracts with all subgrantees, contractors, and subcontractors providing goods or services under this agreement. The incorporation of these provisions in the Grantor's subgrants, contracts, or subcontracts does not create privity of contract between the Commonwealth and any subgrantee, contractor, or subcontractor, and no third-party beneficiaries are created by those provisions. If the Grantee becomes aware of a subgrantee's, contractor's, or subcontractor's violation of these provisions, the Grantee shall use its best efforts to ensure the subgrantee's, contractor's, or subcontractor's compliance with these provisions.

4. GRANTEE INTEGRITY

a. Definitions. For purposes of these Grantee Integrity Provisions, the following definitions apply:

i. "Affiliate" means two or more entities where (a) a parent entity owns more than 50% of the voting stock of each of the entities; (b) a common shareholder or group of shareholders owns more than 50% of the voting stock of each of the entities; or (c) the entities have a common proprietor or general partner.

ii. "Grantee" means the individual or entity, that has entered into this agreement with the Commonwealth.

iii. "Grantee Related Parties" means any Affiliates of the Grantee and the Grantee's executive officers, Pennsylvania officers and directors, or owners of five percent or more interest in the Grantee.

iv. "Financial Interest" means ownership of more than a five percent interest in any business or holding a position as an officer, director, trustee, partner, employee, or holding any position of management.

v. "Gratuity" means tendering, giving, or providing anything of more than nominal monetary value including, but not limited to, cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind. The exceptions set forth in the Governor's Code of Conduct, Executive Order 1980-18, as may be amended, 4 Pa. Code §7.153(b), apply.

vi. "Non-Solicitation Award Process" means a method of awarding grants based on predetermined criteria, without the solicitation of grant applications.

b. Representations and Warranties.

i. Grantee Representation and Warranties. The Grantee represents, to the best of its knowledge and belief, and warrants that within the last five years neither the Grantee nor Grantee Related Parties have:

1. been indicted or convicted of a crime involving moral turpitude or business honesty or integrity in any jurisdiction;
2. been suspended, debarred, or otherwise disqualified from entering into any contract with any governmental agency;

SECTIONS:

3. had any business license or professional license suspended or revoked;
 4. had any sanction or finding of fact imposed as a result of a judicial or administrative proceeding related to fraud, extortion, bribery, bid rigging, embezzlement, misrepresentation or anti-trust; and

- ii. Grantee Explanation. If the Grantee cannot make the representations and warranties set forth above at the time of its submission of its grant application or if the agreement is awarded pursuant to a Non-Solicitation Award Process at the time of the execution of the agreement, the Grantee shall submit a written explanation outlining the reasons why it cannot make those representations and warranties. The Commonwealth may, based on its evaluation of the explanation provided, determine whether it is in the Commonwealth's best interest to execute the agreement.
- iii. Further Representations. By submitting any bills, invoices, or requests for payment pursuant to the agreement, the Grantee further represents that it has not violated any of these Grantee Integrity Provisions during the term of the agreement.
- iv. Notice. The Grantee shall immediately notify the Commonwealth, in writing, if at any time during the term of the agreement it becomes aware of any event that would cause the Grantee's certification or explanation to change. The Grantee acknowledges that the Commonwealth may, in its sole discretion, terminate the agreement for cause if it learns that any of the certifications made in these Grantee Integrity Provisions are currently false or misleading due to intervening factual circumstances or were false or misleading or should have been known to be false or misleading when entering into the agreement.
- c. Grantee Responsibilities. During the term of this agreement, the Grantee shall:
- i. maintain the highest standards of honesty and integrity.
 - ii. take no action in violation of any applicable laws, regulations, or other requirements applicable to the Grantee that govern Commonwealth contracting or grant administration.
 - iii. establish and implement a written business integrity policy that includes, at a minimum, the requirements of these Grantee Integrity Provisions as they relate to the Grantee's activity with the Commonwealth and Commonwealth employees and ensure that its employees comply with the policy.
 - iv. not accept, agree to give, offer, confer, agree to confer, or promise to confer, directly or indirectly, any gratuity or pecuniary benefit to any person, or to influence or attempt to influence any person in violation of any federal or state law, regulation, executive order, statement of policy, management directive, or bulletin applicable to the award of grants or the administration of this agreement.
 - v. not have a financial interest in any other subgrantee, contractor, subcontractor, or supplier providing services, labor, or material under this agreement, unless the financial interest is disclosed to the Commonwealth in writing and the Commonwealth consents to Grantee's financial interest. The Grantee must disclose the financial interest to the Commonwealth at the time of submission of its grant application, or if a Non-Solicitation Award Process is used, no later than the date the Grantee signs the agreement. The Commonwealth shall be deemed to have consented if the required disclosure is received and all of the required Commonwealth signatures are affixed.
 - vi. comply with the requirements of the Lobbying Disclosure Act (65 Pa.C.S. § 13A01 et seq.) regardless of the method of award.
 - vii. comply with the requirements of Section 1641 of the Pennsylvania Election Code (25 P.S. § 3260a) if this agreement was awarded pursuant to a Non-Solicitation Award Process.
 - viii. immediately notify the Commonwealth or the Office of the State Inspector General, in writing, when the Grantee has reason to believe that any breach of ethical standards as set forth in law, the Governor's Code of Conduct, or these Grantee Integrity Provisions has occurred or may occur, including, but not limited to, contact by a Commonwealth officer or employee, which, if acted upon, would violate the ethical standards.

SECTIONS:

d. Investigations. If a State Inspector General investigation is initiated, the Grantee shall:

i. reimburse the Commonwealth for the reasonable costs of investigation incurred by the Office of the State Inspector General for investigations of the Grantee's compliance with the terms of this or any other agreement between the Grantee and the Commonwealth that results in the suspension or debarment of the Grantee. The Grantee shall not be responsible for investigative costs for investigations that do not result in the Grantee's suspension or debarment.

ii. cooperate with the Office of the State Inspector General in its investigation of any alleged Commonwealth agency or employee breach of ethical standards and any alleged Grantee non-compliance with these Grantee Integrity Provisions and make identified Grantee employees and volunteers available for interviews at reasonable times and places.

iii. upon the inquiry or request of an Inspector General, provide, or if appropriate, make promptly available for inspection or copying, any information of any type or form deemed relevant by the Office of the State Inspector General to Grantee's integrity and compliance with these provisions. This information may include, but is not be limited to, the Grantee's business or financial records, documents or files of any type or form that refer to or concern this agreement.

e. Termination. For violation of any of these Grantee Integrity Provisions, the Commonwealth may terminate this agreement and any other contract with the Grantee, claim liquidated damages in an amount equal to the value of anything received in breach of these Grantee Integrity provisions, claim damages for all additional costs and expenses incurred in obtaining another grantee to complete performance under this agreement, and debar and suspend the Grantee from doing business with the Commonwealth. These rights and remedies are cumulative, and the use or non-use of any one does not preclude the use of all or any other. These rights and remedies are in addition to those the Commonwealth may have under law, statute, regulation, or otherwise.

f. Subcontracts. The Grantee shall include these Grantee Integrity Provisions in its subgrant agreements, contracts, and subcontracts with all subgrantees, contractors, and subcontractors providing goods or services under this agreement. The incorporation of this provision in the Grantee's subgrant agreements, contracts, and subcontracts shall not create privity of contract between the Commonwealth and any subgrantee, contractor, or subcontractor, and no third-party beneficiaries are created by the inclusion of these provisions. If the Grantee becomes aware of a subgrantee's, contractor's, or subcontractor's violation of these provision, the Grantee shall use its best efforts to ensure their compliance with these provisions.

5. CONTRACTOR RESPONSIBILITY

a. Definition. For the purpose of these provisions, the term "Contractor" means as any person, including, but not limited to, a bidder, offeror, loan recipient, grantee or lessor, who has furnished or performed or seeks to furnish or perform, goods, supplies, services, leased space, construction or other activity, under a contract, grant, lease, purchase order or reimbursement agreement with the Commonwealth. The term also includes a permittee, licensee, or any agency, political subdivision, instrumentality, public authority, or other public entity in the Commonwealth.

b. Contractor Representations.

i. The Contractor represents for itself and its subgrantees, contractors, and subcontractors required to be disclosed or approved by the Commonwealth, that as of the date of its execution of this agreement, that neither the Contractor, nor any of its subgrantees, contractors, and subcontractors, are under suspension or debarment by the Commonwealth or any governmental entity, instrumentality, or authority and, if the Contractor cannot make this representation, the Contractor shall submit, along with the agreement, a written explanation of why the certification cannot be made.

ii. The Contractor represents that, as of the date of its execution of this agreement, it has no tax liabilities or other Commonwealth obligations, or has filed a timely administrative or judicial appeal, if any liabilities or obligations exist, or is subject to a duly approved deferred payment plan if any liabilities exist.

c. Notification. The Contractor shall notify the Commonwealth if, at any time during the term of the agreement, it becomes delinquent in the payment of taxes, or other Commonwealth obligations, or if it or, to the best of its knowledge, any of its subgrantees, contractors, or subcontractors are suspended or debarred by the Commonwealth, the federal government, or any other state or governmental entity. The Contractor shall provide this notification within 15 days of the date of suspension or debarment.

SECTIONS:

d. Default. The Contractor's failure to notify the Commonwealth of its suspension or debarment by the Commonwealth, any other state, or the federal government constitutes an event of default of the agreement with the Commonwealth.

e. Reimbursement. The Contractor shall reimburse the Commonwealth for the reasonable costs of investigation incurred by the Office of State Inspector General for investigations of the Contractor's compliance with the terms of this agreement or any other agreement between the Contractor and the Commonwealth that results in the suspension or debarment of the Contractor. These costs include, but are not limited to, salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The Contractor shall not be responsible for investigative costs for investigations that do not result in the Contractor's suspension or debarment.

f. Suspension and Debarment List. The Contractor may obtain a current list of suspended and debarred Commonwealth contractors by visiting the eMarketplace website at <http://www.emarketplace.state.pa.us> and clicking the Debarment list tab.

6. AMERICANS WITH DISABILITIES ACT

a. No Exclusion. Pursuant to the Americans with Disabilities Act, 42 U.S. Code § 12101, et seq., no qualified individual with a disability may, on the basis of the disability, be excluded from participation in this agreement or from activities provided for under this agreement.

b. Compliance. For all goods and services provided pursuant to this agreement, the Grantee shall comply with Title II of the Americans with Disabilities Act, the "General Prohibitions Against Discrimination" set forth in 28 C. F. R. § 35.130, and all other regulations promulgated under Title II of the Americans with Disabilities Act that apply to state and local governments.

c. Indemnification. The Grantee shall indemnify the Commonwealth against all third-party claims, suits, demands, losses, damages, costs, and expenses, including without limitation, litigation expenses, attorneys' fees, and liabilities, arising out of or in connection with the Grantee's failure or its employee's or agent's failure to comply with the provisions of paragraph a, as determined by the Commonwealth in its sole discretion.

7. APPLICABLE LAW AND FORUM

This agreement is governed by and must be interpreted and enforced in accordance with the laws of the Commonwealth of Pennsylvania (without regard to any conflict of laws provisions) and the decisions of the Pennsylvania courts. The Grantee consents to the jurisdiction of any court of the Commonwealth of Pennsylvania and any federal courts in Pennsylvania and waives any claim or defense that such forum is not convenient or proper. Any Pennsylvania court or tribunal has in personam jurisdiction over the Grantee, and the Grantee consents to service of process in any manner authorized by Pennsylvania law. This provision may not be interpreted as a waiver or limitation of the Commonwealth's rights or defenses.

8. RIGHT TO KNOW LAW

a. Applicability. The Pennsylvania Right-to-Know Law, 65 P.S. §§ 67.101-3104, ("RTKL") applies to this agreement.

b. Grantee Assistance. If the Commonwealth needs the Grantee's assistance in any matter arising out of the RTKL related to this agreement, the Commonwealth shall notify the Grantee that it requires the Grantee's assistance, and the Grantee shall provide to the Commonwealth:

i. access to, and copies of, any document or information in the Grantee's possession (Requested Information) arising out of this agreement that the Commonwealth reasonably believes is a public record under the RTKL, within ten calendar days after receipt of written notification; and

ii. any other assistance as the Commonwealth may reasonably request, in order to comply with the RTKL with respect to this agreement.

c. Trade Secret or Confidential Proprietary Information. If the Grantee considers the Requested Information to include a Trade Secret or Confidential Proprietary Information, as those terms are defined by the RTKL, or other information that the Grantee considers exempt from production under the RTKL, the Grantee shall notify the Commonwealth and provide, within seven calendar days of receipt of the written notice a written statement, signed by a representative of the Grantee, that explains why the requested material is exempt from public disclosure under the RTKL. If the Commonwealth determines that the Requested Information is clearly not exempt from disclosure, the Grantee shall provide the Requested Information to the Commonwealth within five business days of receipt

SECTIONS:

of written notice of the Commonwealth's determination.

d. Reimbursement

i. Commonwealth Reimbursement. If the Grantee fails to provide the Requested Information and the Commonwealth is ordered to produce the Requested Information, the Grantee shall reimburse the Commonwealth for any damages, penalties, or costs that the Commonwealth may incur as a result of the Grantee's failure, including any statutory damages assessed against the Commonwealth.

ii. Grantor Reimbursement. The Commonwealth will reimburse the Grantee for any costs that the Grantee incurs as a direct result of complying with these provisions only to the extent allowed under the fee schedule established by the Office of Open Records or as otherwise provided by the RTKL.

e. Challenges of Commonwealth Release. The Grantee may file a legal challenge to any Commonwealth decision to release a record to the public with the Office of Open Records, or in the Pennsylvania Courts, however, the Grantee shall reimburse the Commonwealth for any legal expenses incurred by the Commonwealth as a result of the challenge, including any damages, penalties or costs that the Commonwealth may incur as a result of the Grantee's legal challenge, regardless of the outcome.

f. Waiver. As between the parties, the Grantee waives all rights or remedies that may be available to it as a result of the Commonwealth's disclosure of Requested Information pursuant to the RTKL.

g. Survival. The Grantee's obligations contained in this Section survive the termination or expiration of this agreement.

9. OFFSET

The Commonwealth may set off the amount of any state tax liability or other obligation of the Grantee, or its subsidiaries, owed to the Commonwealth against any payments due the Grantee under any contract between the Commonwealth and Grantee.

10. AUTOMATED CLEARING HOUSE (ACH) PAYMENTS

a. Payment Method. The Commonwealth shall make payments to the Grantee through the Automated Clearing House (ACH). Within 10 days of the grant award, the Grantee must submit or must have submitted its ACH information within its user profile in the Commonwealth's Master Database. The Grantee may enroll to receive remittance information via electronic addenda and email (e-Remittance). ACH and e-Remittance information is available at the following: <https://www.budget.pa.gov/Services/ForVendors/Pages/Direct-Deposit-and-e-Remittance.aspx>

b. Unique Identifier. The Grantee must submit a unique invoice number with each invoice submitted. The Commonwealth shall list the Grantee's unique invoice number on its ACH remittance advice to enable the Grantee to properly apply the state agency's payment to the respective invoice or program.

SECTIONS:**H. Fiscal Accountability**

1.

Subgrantee Accountability

The following procedures have been implemented across all of PCCD's funding streams to ensure fiscal accountability of PCCD grant funds.

Financial Back-up: PCCD will periodically verify that grantee expenditures are consistent with approved budget categories, are eligible for reimbursement and that grantees are maintaining supporting documentation. PCCD has implemented a process where grantees are notified that they are required to submit the financial documentation to support the expenditures reported for some or all of the categories that are included in their Egrants fiscal report. Grantees are only required to submit this documentation when they are specifically notified by PCCD. Egrants users have the ability to attach documents to fiscal reports.

Accounting System Documentation: PCCD requires that all grantees maintain an accounting system which can identify all PCCD revenue and expenditures for each PCCD grant separately from all other revenue and expenditure sources. All financial transactions should be able to provide a clear audit trail.

Programmatic Back-up: PCCD will periodically verify that data submitted by grantees in their program reports is accurate. PCCD will select one or more performance measures/data categories each reporting period and require grantees to submit documentation to support what was reported on their Egrants program report or other reporting tool.

Subgrantee Payment: All subgrantees are required, at a minimum, to submit quarterly fiscal reports. PCCD will only make payments to reimburse actual expenditures reported on the fiscal reports. If an agency is experiencing cash flow problems, they may submit fiscal reports monthly and PCCD will reimburse reported expenditures.

Line Item Detail: PCCD's fiscal report allows grantees to include line item expenditure detail instead of just the overall budget category expenditures. Grantees are required to provide line item expenditure detail consistent with the line items included in their approved budget.

On-site monitoring: PCCD completes on-site monitoring of grants across all funding streams (state and federally funded projects).

Grantee risk classification: PCCD utilizes a risk classification system to identify and focus the use of agency resources on those agencies that may be most in need of additional assistance.

1.1. Does the applicant acknowledge that they have read, understand and will abide by PCCD's fiscal accountability procedures?

Employee Time and Effort Reporting (Timesheets)

Time and effort reports (timesheets) are required for all personnel funded with PCCD grant dollars regardless of the funding stream. Below are the minimum standards and recommended best practices for time and effort reporting. We realize that there are a number of different systems that can be used to satisfy these requirements and we encourage you to email [PCCD's Grants Management](#) with any questions you may have regarding time and effort reporting requirements.

Minimum standards for employees working on multiple activities or cost objectives:

- Must be an after-the-fact determination of the employees actual effort. Using a budget estimate instead of reporting the actual time the employee spent working on the project does not qualify as support for charges to awards.
- Must account for total activity (grant and non-grant) for which employees are compensated and which is required in fulfillment of their obligations to the organization
- Must be signed by the employee and a supervisor with first-hand knowledge of the activities performed by the employee. Signature on the timesheets is affirmation that the report is an accurate accounting of the actual time the employee spent on the project.
- Must be prepared at least monthly to correspond to one or more pay periods
- Volunteer time and personnel costs being used as match must be accounted for in the same manner as personnel being charged to the grant

Minimum standard for employees working solely on a single activity or cost objective:

- Must be an after-the-fact certification that the employee worked 100 percent of their time on activities eligible for reimbursement under the grant project
- Must be prepared no less frequently than every six months

SECTIONS:

- Must be signed by the employee and supervisory official having first-hand knowledge of the work performed
- Applies to full-time and part-time employee

Recommended Best practices:

- Employees record time on a daily basis
- Project codes/names are provided to the employee in advance

* The above standards are based on the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR 200) and the Office of Justice Programs Financial Guide.

SECTIONS:

I. Procurement Details

1.

Subgrantees shall use their own procurement procedures and regulations, provided that the procurement conforms to applicable federal law and the standards identified in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR 200.320).

At minimum, PCCD grant recipients and subrecipients must follow the procurement standards as written in Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards - [2CFR 200.318 through 200.326](#).

Methods of Procurement

Subgrantee must have and use documented procurement procedures, consistent with the standards of 2 CFR 200.320; §200.317, §200.318, and §200.319 for any of the following methods of procurement used for the acquisition of property or services under a federal award.

(a) Procurement by micro-purchases. Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold (§200.67Micro-purchase). To the maximum extent practicable, the subgrantee must distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be awarded without soliciting competitive quotations if the subgrantee considers the price to be reasonable, based on research, experience, purchase history or other information and documents it files accordingly.

(b) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that the aggregate dollar amount, which is higher than the micro-purchase threshold, but does not cost more than the Simplified Acquisition Threshold. If small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources.

(c) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm fixed price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in paragraph (c)(1) of this section apply.

(1) In order for sealed bidding to be feasible, the following conditions should be present:

- (i) A complete, adequate, and realistic specification or purchase description is available;
- (ii) Two or more responsible bidders are willing and able to compete effectively for the business; and
- (iii) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

(2) If sealed bids are used, the following requirements apply:

- (i) Bids must be solicited from an adequate number of known suppliers, providing them sufficient response time prior to the date set for opening the bids, for local, and tribal governments, the invitation for bids must be publicly advertised;
- (ii) The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;
- (iii) All bids will be opened at the time and place prescribed in the invitation for bids, and for local and tribal governments, the bids must be opened publicly;
- (iv) A firm fixed price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and
- (v) Any or all bids may be rejected if there is a sound documented reason.

(d) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

- (1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical;
- (2) Proposals must be solicited from an adequate number of qualified sources;

SECTIONS:

(3) The subgrantee must have a written method for conducting technical evaluations of the proposals received and for selecting recipients;

(4) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(5) The subgrantee may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation.

The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

(e) [Reserved]

(f) Procurement by noncompetitive proposals. Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

(1) The item is available only from a single source;

(2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;

(3) PCCD expressly authorizes noncompetitive proposals in response to a written request from the applicant;

(4) After solicitation of a number of sources, competition is determined to be inadequate

(5) The acquisition of property or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold.

Micro-purchase (2 CFR 200.67) means a purchase of supplies or services using simplified acquisition procedures, the aggregate amount of which does not exceed the micro-purchase threshold. Micro-purchase procedures comprise a subset of a non-Federal entity's small purchase procedures. The non-Federal entity uses such procedures in order to expedite the completion of its lowest-dollar small purchase transactions and minimize the associated administrative burden and cost. The micro-purchase threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1(Definitions). It is \$15,000 except as otherwise discussed in Subpart 2.1 of that regulation, but this threshold is periodically adjusted for inflation.

Simplified acquisition threshold (2 CFR200.88) means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this manual, the simplified acquisition threshold is \$350,000, but this threshold is periodically adjusted for inflation.

Formal Procurement methods. When the value of the procurement for property or services under a federal financial assistance award exceeds the SAT, or a lower threshold established by a non-federal entity, formal procurement methods are required. Formal procurement methods require following documented procedures,. Formal procurement methods also require public advertising, unless a non-competitive procurement can be used in accordance with §200.319.

A proposed formal advertised or competitive negotiated procurement for which only one bid or proposal is received is deemed to be a noncompetitive procurement.

Does this application include any procurements by noncompetitive proposal?

Yes

2. If you answered "No" to question 1 above, the applicant agency must keep documentation on file to support and verify the competitive method of procurement. The applicant must also keep documentation on file which justifies the selection of the successful vendor. Does the applicant agree to keep supporting documentation as described?

No

SECTIONS:

3. If you answered 'Yes' to Question 1 above, please fill in the grid below for each product or service to be procured by noncompetitive proposal. If you have multiple products or services, use the 'Add Row' link to allow entry into a new row of the grid.

3.6	Office Chairs	Supplies & Operating Expenses	29,655.34	State Contract Procurement	Benjamin Roberts

4. Please respond to the following questions for each vendor or contractor identified as being procured using Sole Source: For additional vendors or contractors, select the 'Add New' link.

Proposed Sole Source Vendor #1

4.1. Provide a brief description including the name of the vendor of the product or service being procured and the expected procurement amount.

Lancaster County Adult Probation and Parole Services seeks to procure the Axon TASER 10 Certification Program, including VR training systems, TASER 10 devices, cartridges, warranties, and software licensing, from Axon Enterprise, Inc. The expected procurement amount is \$161,694.17 as shown in Quote Q-839231-46132GH.

4.2. Explanation of why it is necessary to contract non-competitively, including at least one of the four circumstances listed below: 1. The item is available only from a single source; 2. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation; 3. PCCD expressly authorizes noncompetitive proposals in response to a written request from the applicant; or 4. After solicitation of a number of sources, competition is determined to be inadequate. The justification may also include the following contractor qualities: a. Organizational expertise b. Management c. Knowledge of the program d. Responsiveness e. Expertise of personnel

This procurement must be non-competitive because the Item is available only from a Single Source

Axon Enterprise, Inc. is the sole manufacturer, retailer, and authorized distributor of all TASER brand products in Pennsylvania, including the TASER 10 weapon system and related software, VR training components, cartridges, holsters, batteries, and Evidence.com integrations.

No other vendor manufactures or legally distributes TASER 10 devices or the required certification ecosystem.

Contractor Qualities Justifying Selection

- Organizational Expertise: Axon is the exclusive provider of TASER certification, data logging technology, and weapon-integrated training programs.
- Personnel Expertise: Certified Axon instructors provide TASER 10 instructor courses and VR certification.
- Program Knowledge: Axon's training, Evidence.com integration, cartridges, and weapon diagnostics operate only within Axon's proprietary ecosystem.

Because of these conditions, no competitive marketplace exists for this procurement.

SECTIONS:

4.3. Provide a statement of when contractual coverage is required and, if dates are not met, what impact it will have on the program (for example, how long it would take another contractor to reach the same level of competence). Make sure to include the financial impact in dollars.

Contract coverage is required beginning December 1, 2026, aligned with the County’s termination of an existing Axon contract and transition to the new TASER 10 program.

If the County is unable to execute this procurement on time:

- Officers would lack access to TASER 10 devices, training cartridges, VR instruction, warranties, and Evidence.com integration.
- The County would face operational gaps in less-lethal weapon readiness and training certification.
- Switching to another vendor is infeasible because no alternative product integrates with Axon Evidence or TASER training requirements.
- Financial impacts include potential duplication of costs, emergency stop-gap equipment rental, and re-training expenditures that could exceed tens of thousands of dollars.

4.4. Provide an outline of the unique qualities of the contractor.

Axon provides:

- Exclusive TASER 10 technology, components, and accessories not available elsewhere.
- Integrated data and diagnostics, including weapon logs, cartridge tracking, and system status monitoring.
- Evidence.com connectivity, automatically updating time stamps and logs.
- VR-based officer training systems designed only for Axon energy weapons.
- Certification pathways, unlimited duty cartridges, and a comprehensive training ecosystem.

No other company offers these proprietary elements needed for the County’s less-lethal continuum.

4.5. Identify any other sources considered and cite the specific reason(s) the other sources lacked the capability to satisfy the procurement requirement.

No other sources were viable because:

- TASER 10 weapons, cartridges, VR systems, and Evidence.com integrations are not manufactured or sold by any company other than Axon.
- Competing less-lethal devices (e.g., from other manufacturers) cannot integrate with the County’s existing Axon hardware, logs, camera systems, or data management workflows.

Thus, alternative vendors were technologically incompatible and unable to satisfy operational and safety requirements.

4.6. Conflict of interest review: The applicant must disclose any possible conflicts of interest or declare that there are no known conflicts of interest as a result of the procurement.

None

Proposed Sole Source Vendor #2

SECTIONS:

4.1. Provide a brief description including the name of the vendor of the product or service being procured and the expected procurement amount.

4.2. Explanation of why it is necessary to contract non-competitively, including at least one of the four circumstances listed below: 1. The item is available only from a single source; 2. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation; 3. PCCD expressly authorizes noncompetitive proposals in response to a written request from the applicant; or 4. After solicitation of a number of sources, competition is determined to be inadequate. The justification may also include the following contractor qualities: a. Organizational expertise b. Management c. Knowledge of the program d. Responsiveness e. Expertise of personnel

This procurement is non-competitive under the following circumstances:

Competition is Inadequate / Use of an Approved JOC Contract

The County is procuring construction services through a Job Order Contract (JOC) established under KPN-2026JOCC-36. JOC contracts are competitively bid at the cooperative-purchasing level, pre-qualifying a contractor for task-order work. Because all pricing is fixed via the Construction Task Catalog, additional competitive bidding is neither required nor feasible.

Lobar Associates was selected because:

- The contractor has pre-approved pricing, standardized labor/multiplier rates, and pre-negotiated terms under the JOC.
- The firm has demonstrated expertise in secure facility construction, ballistic glass installation, access-control integration, and structural modifications.
- Rebid would cause significant delays and would violate the established JOC contracting structure.

4.3. Provide a statement of when contractual coverage is required and, if dates are not met, what impact it will have on the program (for example, how long it would take another contractor to reach the same level of competence). Make sure to include the financial impact in dollars.

SECTIONS:

4.4. Provide an outline of the unique qualities of the contractor.

-

4.5. Identify any other sources considered and cite the specific reason(s) the other sources lacked the capability to satisfy the procurement requirement.

Because this procurement uses the JOC cooperative contract, pricing and vendor eligibility were already competitively established.

Other sources were not pursued because:

- A JOC task order must be issued to the pre-awarded contractor under the cooperative agreement.
- Using an outside firm would violate JOC procedures and eliminate the contractual protections, fixed pricing, and pre-approved rates.
- No other vendor possessed an active JOC contract with the County for this scope.

Therefore, other sources were not capable of satisfying the procurement method.

4.6. Conflict of interest review: The applicant must disclose any possible conflicts of interest or declare that there are no known conflicts of interest as a result of the procurement.

None

Proposed Sole Source Vendor #3

4.1. Provide a brief description including the name of the vendor of the product or service being procured and the expected procurement amount.

-

SECTIONS:

4.2.

Contractor Expertise and System Ownership

The system already in use is designed, installed, and serviced by JCI. Only JCI can:

- Program the proprietary controllers and relays
- Integrate with the existing JCI fire alarm and emergency door-release interfaces
- Provide certified technicians and software licensing

This constitutes organizational expertise, system knowledge, and essential responsiveness.

Competition Is Inadequate

Because the work involves modifying an existing JCI access-control system, alternative vendors cannot:

- Access locked proprietary programming environments
- Service the UL-listed controller hardware
- Guarantee life-safety integration (fire alarm door release)

Therefore, competition is inherently insufficient.

4.3.

-

Additionally, JCI states the start date is unknown until booking, meaning delays in contract execution may extend the project timeline

SECTIONS:

4.4. Provide an outline of the unique qualities of the contractor.

Johnson Controls offers:

- Full compatibility with the existing access-control system infrastructure
- Proprietary controller hardware and card-reader technologies
- Software programming and certification testing included
- A one-year standard parts and equipment warranty

JCI is uniquely positioned to integrate the new rear-stairwell devices with the County’s current system architecture.

4.5. Identify any other sources considered and cite the specific reason(s) the other sources lacked the capability to satisfy the procurement requirement.

Other sources were not viable because:

- JCI proprietary controllers cannot be programmed or serviced by third-party contractors.
- Competing vendors would need to remove and replace the entire system—cost-prohibitive and unnecessary.
- Fire alarm integration must be performed by a certified vendor able to comply with UL-listed configurations.

Therefore, other vendors lacked the capability to satisfy the procurement requirement.

4.6. Conflict of interest review: The applicant must disclose any possible conflicts of interest or declare that there are no known conflicts of interest as a result of the procurement.

None

Proposed Sole Source Vendor #4

4.1. Provide a brief description including the name of the vendor of the product or service being procured and the expected procurement amount.

Lancaster County Adult Probation & Parole Services proposes to procure the Training Tracker IT Software System from GovAI Software Solutions LLC, located at 514 Magaro Road, Enola, PA. The procurement amount is a one-time implementation fee of \$19,500 for a 10-year term.

SECTIONS:

4.2. Explanation of why it is necessary to contract non-competitively, including at least one of the four circumstances listed below: 1. The item is available only from a single source; 2. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation; 3. PCCD expressly authorizes noncompetitive proposals in response to a written request from the applicant; or 4. After solicitation of a number of sources, competition is determined to be inadequate. The justification may also include the following contractor qualities: a. Organizational expertise b. Management c. Knowledge of the program d. Responsiveness e. Expertise of personnel

This procurement requires a non-competitive justification because the product is available from an existing vendor that currently provides case management system for Adult Probation and Parole. (Functionally Unique Solution)

GovAI Software Solutions offers a customized probation-specific Training Tracker System designed for Lancaster County's operational environment. The proposal identifies a single proprietary implementation approach and does not list any resellers or competitive distributors.

No other vendor has access to GovAI's proprietary configuration and implementation services.

Contractor Expertise and Program Knowledge

GovAI's specialized qualifications include:

- Development of tailored adult-probation training management software.
- Direct engagement with Lancaster County's Adult Probation IT requirements.
- Ability to implement and maintain the system without external integrators.

These strengths demonstrate organizational expertise, program knowledge, and responsiveness, qualifying GovAI as uniquely capable of meeting the County's needs.

4.3. Provide a statement of when contractual coverage is required and, if dates are not met, what impact it will have on the program (for example, how long it would take another contractor to reach the same level of competence). Make sure to include the financial impact in dollars.

Contract coverage is required immediately to allow training compliance tracking for the 2026-2027 program year.

If implementation is delayed:

- The department may be unable to maintain mandated training documentation.
- Officers' annual certifications could go unverified, creating liability exposure.
- Manual tracking processes would continue, increasing staff time and risk of data error.
- If the County attempted to switch vendors, another contractor would need extensive time to understand requirements and customize software likely adding months of delay and increasing costs by tens of thousands of dollars.

4.4. Provide an outline of the unique qualities of the contractor.

GovAI Software Solutions provides:

- A probation-specific configurable training management platform.
- Direct service delivery with no third-party integrators.
- A defined implementation structure unique to the vendor's proprietary product.

These qualities are not available from other software vendors serving the County.

SECTIONS:

4.5. Identify any other sources considered and cite the specific reason(s) the other sources lacked the capability to satisfy the procurement requirement.

Other sources were not viable because:

- No other vendor markets or supports GovAI's proprietary Training Tracker product.
- Competing systems would require substantial customization to match Adult Probation's workflows.

Therefore, other sources lacked the capability to satisfy the requirement.

4.6. Conflict of interest review: The applicant must disclose any possible conflicts of interest or declare that there are no known conflicts of interest as a result of the procurement.

None
