

PRESCHOOL

June 9 - 11 Backyard Insects 9:30 am - 11:30 am

Join us for a week of creepy crawly fun! Insects and spiders make the world go round and have a bigger impact than you may think. They are the largest group of living things, and most people do not know very much about them. This week, we will go on bug hunts, interact with live insects, complete crafts, and play games. Each day, we will focus on a different group of creepy crawlies.

June 30 - July 2 Diggin' Dinosaurs 9:30 am - 11:30 am

Does your Preschooler dig dinosaurs? If so, this is the camp for you. Campers explore the types of dinosaurs that roamed the land, how scientists uncover the truth about dinosaurs, ways in which dinosaurs resemble present-day wildlife, and how the Earth's environment was different from today. Paleontology, geology, summer fun, and creative crafting intersect in our park setting.

August 11 - 13 Nature Navigation 9:30 am - 11:30 am

Campers get moving over Earth, wind, and water in this camp that'll be sure to use lots of energy. Kites soar through the air as we learn about weather and wind, boots hike over trails as we explore the park's geology, and homemade boats float while we splash down the Mill Creek. Nature Navigators will be sure to need a rest after all the summer fun.

ELEMENTARY

June 8 - 12 Fun with Physics 9 am - 12 pm

Nature meets Newton as we explore motion, force, mass, and acceleration in our beautiful park setting. Each day, our Elementary Engineers will create and construct fun experiments that help us understand the world around us. Rockets will fly high into the sky, boats will float on Mill Creek's wave power, and eggs will drop (and hopefully not splat) on the ground. The mornings will be filled with fun games and STEM activities, with an emphasis on time spent outdoors, enjoying the summer setting.
