

GET NALOXONE

BE PREPARED FOR AN OPIOID OVERDOSE EMERGENCY

KNOW THE SIGNS

CALL 9-1-1

USE NALOXONE

SAVE A LIFE

SIGNS INCLUDE:

Can't wake up
Slow/shallow breathing
Snoring/gurgling sound
Very small pupils
Blue/gray fingers or lips
Pale/cold/clammy skin

Naloxone is a safe medication that can stop an opioid overdose. You can get naloxone (such as NARCAN® Nasal Spray) at a local pharmacy with or without a prescription from your doctor. If you can't afford it, we can help! See other side for a list of locations with **FREE** NARCAN® Nasal Spray.
