Project/Item Description	Body-worn Cameras for Millersville Borough's Police Officers
Clearly state the amount being requested. What is the total cost? How was the cost derived?	Total cost: \$96,897.56. See attached quote from Axon Enterprise, Inc., Scottsdale, AZ
Which County ARPA Community-wide Benefit(s) does the project meet?	Public Safety
Briefly explain how the project meets the County's guidelines.	It meets the public safety, Law Enforcement County Guideline
Why should this project be a priority and how will it help the County? Also, if this application is for more than one project, please identify each one, provide information and rank them in order of your priority.	"Body-Cams" will serve to protect the public and the police officers of Millersville Borough by keeping an audio/video record of their law enforcement responsibilities. Police Officers and citizens are less likely to resort to violence when Body-Cams are used. Police Officers are more productive in making arrests with the use of Body-Cams. Body-Cams may result in a higher rate of citizen compliance to Officer requests during encounters and fewer complaints when advised that citizen encounters are being recorded. The public will also benefit from their Police Officers wearing Body-Cams by generally making citizens feel safer. Body-Cam recordings may also be used as corroborating evidence in court proceedings.
Will this project require ongoing expense (maintenance, updates) or frequent replacement? Are expenses already being incurred, if so, can they be reduced through this project?	
Project Timeline – start to finish, and when funding will be needed.	No. The \$96,897.56 is a one-time cost for the 60-months program duration. Police Officers will be equipped with Body Cameras immediately upon receipt of the Body Cameras.
Are other organizations part of this project? If yes, please list them and their role, including funding. If not, explain why.	No.
