Lancaster County Prison is a public institution detaining those individuals awaiting trial and confining individuals sentenced by the court. The prison administration institutes rules and regulations to provide Care, Custody and Control.

INMATES ARE REQUIRED TO OBEY ALL ORDERS OR DIRECTIVES ISSUED BY PRISON STAFF

Should you receive two conflicting orders, you are responsible to carry out the last order given. Should you question an order, you are still required to follow it. Later, you may submit a request to the appropriate staff member via the inmate request system. The issue will be investigated, and a response given if warranted. Prison life is stressful, but you can reduce much of the stress by developing a positive and cooperative attitude.

REMEMBER – YOU ARE RESPONSIBLE FOR YOUR OWN ACTIONS.
THINK BEFORE YOU SPEAK OR ACT

Inmate general requests are submitted electronically through a kiosk, phones or tablet which are available on all blocks. The inmate request system is a problem-solving tool. Each inmate is encouraged to submit a request when seeking a response to a question, presenting an idea, or voicing a concern.

When submitting a **formal grievance**, the Grievance System must be used.

Issues involving **medical care** must be submitted to the Medical Department.

If an inmate does not have access to the kiosk or a tablet, other means will be provided.

All inmates are assigned a permanent booking number (PBN) that is a unique number assigned at the time of their first commitment. That same number will be used for every subsequent incarceration.

If an inmate requests to enter his / her cell before the 5-minute break period, the housing area officer will escort the inmate to their respective cell and the inmate will be secured inside the cell until the next time the cell door is re-opened.

Once medications arrive on the block, the floor control officer will open the cell doors for the inmates that are on block out that get medication. Once medication is completed for the first tier the opposite tier is to be let out for medication. Once medication has been completed the tier that is on block out should resume block out with the block officer making sure all cell doors are secured.

Block out will occur under the direct supervision of the POD Officer who will observe all activities and ensure inmate compliance with the rules. Fighting, arguing, horseplay and abuse of property will not be tolerated. Should an incident occur (i.e.: a fight, disturbance), the involved inmates will be ordered to stop, with all inmates directed to go to their assigned cells for lock up until the situation is evaluated and brought under control.

Greeting cards are not permitted to be sent in directly to an inmate unless they are digital.

Any attempt to circumvent incoming or outgoing mail regulations will result in disciplinary action that may include complete and total mail restriction either for a set period or the entire incarceration.

INCOMING MAIL

All written correspondence, excluding legal mail, must be sent to the inmate digitally and viewed on inmate electronic tablets or the kiosks located on the housing unit. Hard copy/paper correspondence will be addressed as follows:

Inmate Full Name and PBN Number
Securus Digital Mail Center
Lancaster County
PO Box 792
Lebanon, MO 65536

Money orders are to be sent separately and directly to the Prison, attention "Inmate Accounts".

E-Messaging is done by the existing electronic system. (See below)

There is NEVER AN EXPECTATION OF PRIVACY with inmate personal mail.

LEGAL MAIL

Privileged correspondence will be opened and inspected by prison staff, in the presence of the inmate.

Legal mail will be sent directly to the prison and delivered to the inmate unopened to ensure confidentiality. The inmate is required to open the document in front of staff and acknowledge receipt of the correspondence either written or electronically. Envelopes will be taken off the block for destruction.

OUTGOING MAIL

Outgoing mail must be labeled with the proper return address, inmate name and permanent booking number and sealed. The inmate will then place the envelope in the designated container located in assigned housing area.

Mail is picked up daily (except weekends, and Holidays) by prison staff. Court house correspondence -- mail sent to the Lancaster County Court House (District Attorney, Public Defender, Probation Officer, Common Pleas Judge, etc.) may be sent via the county delivery system requiring no postage.

E-MESSAGES

May be viewed on either the block kiosk or tablet. They will not be printed. If a "virtual stamp" is attached to the incoming E-Message, the inmate is then able to respond. Only family and friends can start the message, an inmate can only respond.

FINANCES

All inmates' funds are processed through the County Treasurer's office, with inmate accounts being maintained by Prison Administration.

An inmate may receive and disburse money from his individual account subject to the following:

1. An inmate may not transfer funds to another inmate's account; neither may family or friends of one inmate place money on the account of another inmate. This rule is designed to protect inmates and any attempt to circumvent the rule will be treated as a serious disciplinary matter.
2. If an inmate desires to send money out of their account, a request must be submitted to Inmate Accounts with the following information:
 - a. Amount of money to be transferred
 - b. Name and address of recipient
 - c. Reason for releasing money
 - d. An addressed and stamped envelope to send the payment.
 - e. To ensure the legitimacy of the request, written confirmation of the transaction will be obtained by the inmate account clerk or work release staff.

Coin and currency are not permitted in the prison (except for Work Release). Inmates found to be in possession of coin/currency will have the money confiscated as contraband. Inmates found attempting

to use another inmate's account are subject to disciplinary action up to and including criminal charges

At time of release the inmate will receive a debit card with all remaining funds on the account. These should be cashed out immediately to avoid fees. Inmates going to another institution will have a check in the amount of the remaining account balance sent to the institution they are being released to. Commissary account balances can be viewed via the Kiosk or tablet system on the housing unit.

BILLING

All fees will be deducted, in full, from the inmate's account. The Inmate Account Clerk under the supervision of the Business Manager will monitor accounts that carry debt and deduct monies from accounts as needed. Any debt at the time of release will be submitted to an outside agency for invoicing and/or collections. This includes the cost of any county issue that is not returned or is returned damaged.

Court fines, costs and restitution may be deducted from an inmate's current account. Unpaid court costs will not go to collections; they remain the responsibility of the inmate at the time of release and collection will be enforced by Adult Probation and Parole.

INMATE FINANCIAL RESPONSIBILITY

Processing Fee: A processing fee of \$35.00 will be imposed on every newly incarcerated or re-incarcerated inmate immediately upon commitment. An inmate shall not receive any financial privileges or be able to use commissary until that fee has been paid in full

A probation or parole violation is considered a new incarceration and the processing fee will be charged.

Inmates will have access to medical services regardless of their ability to pay the \$35 fee.

Sick Call: Inmates will be charged a \$3.00 administrative fee for services by nursing staff and a \$5.00 fee to see a Nurse Practitioner (NP), Physician Assistant (PA), Doctor or Dentist. This fee is not in any way meant to dissuade inmates from obtaining health care for legitimate complaints but is meant to instill responsibility among inmates in the use of prison services.

Doctor's Call: Inmates referred to the Doctor or PA/NP by the nursing staff, after initial diagnosis at "sick call" will not be charged a fee to see the doctor. Inmates who are not referred to the doctor after initial screening by the nursing staff, but who demand to see the doctor will be charged a \$5.00 fee for this privilege,

since the inmate's complaint will then have been medically determined not to require essential Medical/Dental care. If the doctor's subsequent examination determines that the inmate complaint was genuine and that he or she should have been referred at the initial screening, the \$5.00 fee will not be charged.

Exceptions for Essential Medical and Dental Services

Rendered: There are no administrative fees for the following services: receiving screening, initial health assessment, annual health assessment, annual dental screening, treatment for chronic illnesses, treatment for mental health services, emergency services, medication administered by the medical staff, assessments related to allegations of sexual abuse, medically ordered follow up care.

Evaluation for and/or treatment provided, because of the inmate's pre-admission activities and/or alleged criminal activity, or activity in violation of Lancaster County Prison policy is a financially chargeable situation and will not constitute a medical emergency for billing purposes.

Inmates will never be denied care, for essential medical, mental health or dental services, solely because the inmate cannot pay the required fees, or is indigent or without funds.

RESTITUTION FOR DAMAGES

Inmates who have been found, because of Disciplinary Procedures, to have intentionally damaged or destroyed jail property will be responsible for restitution for any damage. The Disciplinary Hearing Board will complete a "Restitution Expense Form" which goes to Inmate Accounts for deduction from the inmate's account. The exception to this is cases of criminal mischief and larceny that involve criminal charges. In those cases, restitution will be paid through the Court, upon a plea of guilty.

The cost of damages and repair expenses will be established by the Director of Facilities Management and the Director of Administration, at a cost equivalent to the repair and or replacement.

Inmates will be financially responsible for all clothing and county issue. Any issue not returned at the time of release will be invoiced to the inmate. The administrative office, through inmate account deductions, makes payments of 20% of the inmate's account balance and monthly income for: Restitution, Reparation, Fees, Costs, Fines, and/or penalties

associated with criminal proceedings, provided that the inmate has a balance that exceeds \$20.00.

The administrative office will make deductions from an inmate's account for the purpose of obeying lawful orders to collect child support payments, as directed by court order. Inmates will no longer receive hard copy receipts when deposits are made onto their account. Account balances can be confirmed through the inmate phone system. If an inmate requests a print-out of their account, they will be charged a \$2.00 service fee.

If the batteries are tampered with it will be considered a violation.

Commissary items and prices are subject to change.

LAW LIBRARY

Each inmate who desires to utilize the law library for self-help purposes will be afforded the opportunity to do so on their housing unit via the kiosk and/or tablet system.

COPIES - Legal materials can be photocopied by prison staff only if the inmate has no other representative to perform this task for them. Copy service is restricted to legal materials that pertain to the inmate's current incarceration. There is a \$3.00 administrative fee assessed for legal copy service. The fee is to be paid no matter how many pages are copied. In addition, pages 1 - 25 cost .25 cents per page. Pages 26 and up will require a .35 cent fee per page plus the \$3.00 fee. The total amount must be on the inmate's account to cover costs before the copy work will be performed. A request should be submitted to the blocks' inmate services specialist. One inmate may assist another inmate housed in the same unit, (without charge) if such assistance does not interfere with normal prison operations.

E-stamps, envelopes, etc. are available for purchase through the commissary.

If an inmate is indigent, they may qualify to receive paper, envelope, postage, carbon paper and pen (free of charge), for the filing of legal documents by submitting a request to the Business Manager. This is for legal mail only. Any attempt to circumvent the system may lead to a misconduct.

All legal materials requiring notary service (post-conviction forms) are made available to inmates via inmate request submitted to the Notary. The notary will not read the documents but will ascertain the nature of the material and witness the signature.

Each inmate is responsible for the care of the kiosks and tablet; any damage will result in disciplinary action. Inmates will be held financially responsible for any replacement costs for damaged equipment.

CANINE UNIT (K-9)

A highly trained handler and dog used to supplement security operations. The unit patrols the prison perimeter as well the institution and is trained to detect drugs and contraband.

When K-9 is present, the inmate must move to the wall opposite of the K-9 unit. The inmate is prohibited from making eye contact with the dog or making any type of verbal or nonverbal gestures towards the dog.

If an assailant attacks the handler, the dog will automatically protect the handler; therefore, extreme caution must be used when K-9 is in your vicinity.

Disciplinary action and/or criminal charges will be initiated if the K-9 unit is agitated or harassed.

(i.e., Driver's license, PA State ID card, passport, Military ID) Failure to produce proper identification at any visitation period may result in denial of the visitation privilege for that day should the visitor information not be currently on file and is at the discretion of the visitation officer.

Any visitor using false or altered identification will be considered a security risk and accordingly, all future privileges will be forfeited. If religious beliefs result in a visitor not having photo identification, the Shift Commander should be contacted for review. By separate administrative action and dependent upon the circumstances, the visitation privilege may be denied by the DWO or Designee for a period. If visitation is denied under these circumstances, the visitor will be responsible for requesting reinstatement of the visitation privilege.

However, program eligibility may be limited based on inmate behavior and classification level. Participation in programming is strictly voluntary. Some work areas are only available to fully sentenced inmates. Trustee positions include the kitchen, supply, and in house cleaners.

Inmates may be placed in the program by the ITP Coordinator, Work Release staff, or the Classification Department. Title 42 section 9813 c gives the final authority allowing an inmate to leave the county jail for any reason to the county jail officials. Exceptions may be made by the express order of the court.

COMMUNITY SERVICE

In conjunction with Work Release, The Lancaster County Prison's Community Service Program is designated to assist county agencies and non-profit organizations with special work assignments. All participants must be made work release eligible by the Lancaster County courts, meet all prison requirements, and meet Work Release program guidelines.

RELIGIOUS ACTIVITIES:

All religions are accorded equal status and protection. Each inmate will be permitted to satisfy the needs of his/her religious life consistent with the orderly administration and safety of the prison.

Full-time chaplains and chaplain assistants are available to offer inmates support in religious or personal matters and to coordinate religious activities. Inmates desiring to meet with a chaplain should submit requests through the inmate request system. Inmates may also reach out to the chaplains if they wish to contact their personal, outside clergy.

Religious Materials: Bibles, daily devotional booklets and religious reading material are available through the Chaplain's office and the library. Requests for religious materials, such as religious texts or study guides from the outside, must be made through the Chaplain's office. These requests will be vetted and reviewed by the chaplains for approval. Religious texts that promote or advocate violence, criminal, or institutional misconduct, or create a danger within the prison are not permitted.

Religious Emblems: Religious Emblems will be confiscated upon entry of the facility and placed with the inmate's personal property. A request can be submitted to the chaplain for the item to be reviewed for approval. If the item is approved by the chaplain, it will be placed back in the inmate's possession.

Religious Diets: Religious diets, according to religious mandates, may be arranged by the Chaplain's office through the inmate request system.

Church Services: Church services are held in designated areas on a weekly basis and facilitated by chaplains or approved clergy. Inmates are not permitted to hold religious gatherings outside of these events. Proper dress and behavior are required for prison church services. Normal social courtesies (saying hello, brief exchange of conversation) are permitted between inmates and civilian participants, but nothing can be transferred between any participants.

- a. Inmates on disciplinary status may not attend group functions in the Chapel, but they may receive clergy or chaplain visits upon request.

All questions/suggestions regarding religious matters are to be handled via inmate request system to the chaplain.

RECREATION AND ACTIVITIES:

There are regularly scheduled periods for general recreation in the urban yard areas. There are also

organized gym activities available. Inmates on disciplinary status will not be permitted to participate in normally scheduled gym activities until the completion of disciplinary status. Inmates housed in the intake unit will not be permitted gym activities but will have access to the urban yard barring any medical restrictions. See schedule posted on your housing unit.

PROBLEM SOLVING

The first line of problem solving is consulting with the block officer and/or the block counselor.

The inmate request system is a multipurpose structure for inmates to communicate with prison officials and other select inter-county offices. Each inmate is encouraged to utilize the request system when seeking an answer or presenting a suggestion

After seeking guidance from the block officer and/or counselor, the General-Purpose Request System is to be used for issues such, answers related to term of confinement, outlining problems existing within the prison environment, requesting a prison activity, or any other housekeeping concern that might arise.

If a specific complaint is voiced regarding a staff member or prison condition, the inmate is encouraged to direct the complaint via the request system to the appropriate prison administrator for investigative follow up.

The prison population - male and female - is responsible for submitting their own requests through the Kiosk or tablet request system. The inmate request system must be used to resolve issues with specific prison departments prior to initiating the grievance process.

Adequate time (10 business days from receipt) must be allowed for staff to respond to the General-Purpose Request prior to submitting a grievance on an issue. If additional time is needed for research the inmate will be informed.

These rules and regulations are subject to periodic amendment --notice of changes will be posted in inmate housing areas. Until changes can be properly posted, all inmates are to follow the last order given if conflict arises. All inmates and prison staff are required to comply with listed rules and regulations.

INMATE GRIEVANCES

A grievance that is documented properly can be used as a tool to indicate problem areas. A grievance may be filed about the application of rules, policy, or procedure. Not the rule itself. Grievances may also be

submitted regarding "conditions of confinement". A Grievance is the second step in the Problem-Solving Process. A general request is the first step. An Inmate Grievance shall be submitted via the Kiosk or tablet. Grievances cannot be submitted for any situation regarding Misconducts or misconduct appeals.

RECORDS

The prison maintains records on every inmate who is committed to the institution. The prison records office maintains files of all pertinent information regarding an individual's charges, personal history intake information, length, and computation of sentence, indicating minimum and maximum release dates, as well as all court-generated documentation forwarded to the prison.

Records are also maintained for any misconducts issued, along with their disciplinary disposition, any unusual occurrences which have been documented by the staff, and other pertinent documentation.

The information maintained in prison files is utilized by the Classification Committee, Administration, Parole Department, and the Court in determining program eligibility, housing placement, parole review, etc.

Maintenance and release of all records at the Lancaster County Prison occurs in accordance with the Criminal History Record Information Act. An administrative research fee of \$3.00 plus \$0.25 per page up to page 25; then \$.35 for paged 26 through last; is charged for all copies requested of the Records Department. Inmates should keep in mind that not all documents in an inmates file are available to be copied, and that they should be specific in their request for copied documents.

GOOD TIME

Good time is a creation of the Lancaster County court system. Good time is NOT a right; it is a privilege based on good behavior. Good time can be accrued in increments of 5 days for every 30 days or one month of a sentence but not to exceed a maximum of 55 days. Good time will be subtracted from the calculated minimum release date to obtain the "good time" date. Prior to the good time date, the inmate's prison behavioral record will be reviewed to determine whether it will be awarded. Good time is not eligible nor awarded on parole sentences.

PAROLE

Individuals released on parole will be placed on community supervision through the Probation and

Parole department. Parole is granted on the condition that the individual maintains acceptable behavior during incarceration and while in the community. Conditions of release are outlined by the controlling parole agency.

Inmate disciplinary records are reviewed prior to parole hearings which are done through the courts. Parole setbacks can and will be requested through the Pre-Parole staff, Records Staff or Prison Administration, for inmates charged with serious offenses or who show a pattern of negative behavior.

Full time Pre-Parole staff are located within the Lancaster County prison to coordinate and handle all parole related matters. They facilitate the completion of parole plans and releases. Parole plans must be submitted to Pre-Parole approximately two weeks prior to the minimum release date. Pre-parole staff also coordinate Door-to-Door rehab placement. Questions regarding parole and door-to-door, such as placements and bed dates, should be sent to Pre-Parole via the inmate request system.

PREA

All inmates have the right to be free from sexual abuse and sexual harassment. Inmates will receive a screening for PREA while housed in the intake unit. These screenings will be used to assist in determining housing assignment. Inmates will be reviewed after 30 days using the same screenings to ensure inmate safety. However, if at any point during your incarceration you feel unsafe or need to report an incident that occurred to you or another inmate, utilize the reporting options below.

- A. **Reporting:** If you are a victim of sexual assault or sexual harassment, make sure to report the incident immediately. Report the incident even if you do not have any evidence or time has passed since the assault took place. If the assault took place recently, do not use the bathroom, brush your teeth, shower, or change your clothing to preserve physical evidence. You can report sexual abuse in the following ways:
 - a. Make a verbal report to any staff member (including chaplains and medical / mental health practitioners) or to a volunteer. Staff must accept reports made verbally, in writing, anonymously and by third parties.

- b. Submit an inmate request form to any department; however, there is a designated PREA request form.
- c. Make a verbal report by calling the PREA Hotline (1-844-429-5412). This hotline is operated by the Department of Corrections and is not staffed by Lancaster County Prison employees.
- d. Ask a family member or friend to make a report on your behalf by calling the PREA Hotline.

B. **Sexual Assault Counseling:** Individual sexual assault counseling is available through the Lancaster County YWCA. Request for services can be made through the inmate request system directly to the YWCA or through block specialists.

DISCIPLINE:

Confinement is punishment. No additional punishment will occur unless the inmate violates LCP rules and regulations or the law. Rules are designed to prohibit behavior that can be shown to have a direct, adverse effect on inmates and the order of the facility. The disciplinary process and rules are designed to:

- A. Achieve order, safety, and security in the prison.
- B. Assist an inmate in achieving self-control.
- C. Provide staff with guidelines for judging the behavior of inmates.
- D. Achieve fairness in the administration of discipline.

Any inmate who commits any infraction which jeopardizes the security of the prison, threatens the safety of the staff and/or other inmates, or is in violation of prison procedure and/or state law, is subject to prison disciplinary action and/or criminal action. Sanctions shall be proportionate to the severity of the offense. Restitution may also apply.

When receiving a misconduct, inmates will be given a hearing notice at least 72 hours prior to the actual hearing. Inmates may request to waive the 72-hour period. Hearings will be run no later than 10 business days from the date of notice.

Any inmate found guilty of misconduct will be subject to monetary sanctions (fees) in addition to the disciplinary sanction. \$10.00 for minor misconducts and/or \$15.00 for major misconducts.

Inmates on disciplinary status will be restricted from phone calls, commissary, visitation, and have limited access to personal property. Inmates may request to

make a personal phone call once every 30 days pending good behavior and approval from the block supervisor.

DISCIPLINE APPEAL PROCESS

Inmates are advised of the right to appeal disposition at the time of the disciplinary hearing. The inmate must submit a request within five days of the hearing decision to the Deputy Warden of Operations outlining specific reasons for the appeal. The appeal process considers two main factors:

- A. Proportionality of the sanction to the offense
- B. Evidence presented in the misconduct

If the inmate is not satisfied with the decision of the Deputy Warden of Operations, the inmate has five days to file an appeal to the Warden. The Wardens decision is final.

INFORMAL RESOLUTIONS

A minor rule violation may be reviewed and addressed through an informal resolution instead of a misconduct.

The Supervisor and at least one officer will meet with the inmate where the inmate will be given an opportunity to refute the pending Informal Resolution.

If the inmate refuses to participate in the meeting, the Informal Resolution will progress to an official misconduct. The inmate may appeal the informal resolution utilizing the disciplinary appeals process outlined above.

Possible resolutions:

- A. Up to a 72-hour cell restriction
- B. Up to 30 days of specified privilege restrictions (telephone, commissary, visitation)
- C. Up to 30 days of work assignments without compensation
